

THE OPERATING SYSTEM FOR THE INDEPENDENT DEALER

Everything the floor does, in *one system*.

Capture the car, prove its condition, price the trade-in, run the deal and sell it on your own site — and let an assistant answer the leads that arrive after you've locked up. Inspections are included in every tier.

CAPTURE

TruLens

Guided photos on any phone, auto-cropped and branded — plus a 360° orbit the buyer spins with a thumb.

CONDITION

TruInspect

35 checkpoints, damage photographed and pinned, service book captured. A report the buyer can keep.

TRADE-IN

TruValue

Market retail against your condition-adjusted offer, with the gap explained. Signed on the spot.

DMS

TruFlow

Stock, leads, deal jackets and the money in one place — with aging units flagged before they cost you.

WEBSITE

TruShowroom

Your branded store: condition score on every card, finance from the listing, WhatsApp one tap away.

AI

TruChat

Answers at 2am on WhatsApp and web, qualifies the lead, books the drive and hands over the hot ones.

SETUP ONCE · PAY MONTHLY · CANCEL ANYTIME

ZAR SHOWN · USD & GBP ON REQUEST
